Sync and Charge Cable

for iPhone and iPod

DLC2407

Sync, charge and stand

with one bendable cable

Give your iPhone or iPod a proper place to sit, charge and sync by your computer. FlexAdapt action lets you bend the base, creating a stand either vertically or horizontally. Wrap it up and take it with you for easy docking at home or in the office.

Smart design

- Integrated, flexible stand gives iPhone/iPod a place to sit
- Stand your iPhone or iPod vertically or horizontally

The essential cable

- USB cable charges via a computer or USB wall or auto charger
- USB cable to sync iPod or iPhone with your computer
- A great spare or replacement cable to have on hand

Highlights

Cable to charge iPod or iPhone

This USB 2.0 cable connects to your computer via USB to easily charge your iPod or iPhone. Also use to connect to any USB wall or auto charger to power and charge your iPod or iPhone.

Cable to sync iPod or iPhone

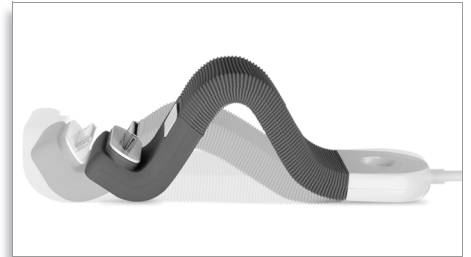

This USB 2.0 cable connects to your computer via USB to sync your iPod or iPhone with iTunes for transferring music, photos, apps, updates and more.

A great spare or replacement

The 30-pin to USB cable is essential for syncing your iPhone or iPod with iTunes, and for charging via your computer or USB charger. Carry it with you, keep it at your desk or replace the one you lost so you're always able to connect and charge when you need to.

Integrated, flexible stand

The dock-connection end of the cable is made to flex and bend into a stand, giving you a proper place to sit your iPhone or iPod by your computer.

Stand vertically, horizontally

The stand works in both portrait and landscape mode, so it will let you dock your iPhone or iPod either vertically or horizontally.
